

Travel Health Advice

Patient's name: _____ **Date of Birth:** _____

Go to www.masta-travel-health.com & click on 'vaccine checker' in the **Quicklinks** at the bottom of the page

Refer to the printout of your immunisation record & fill in the table below with what vaccinations you require.

Vaccinations you have had elsewhere may not be recorded on the printout so please take these into account when completing the table below.

Vaccine	Needed? Y/N	Cost?	Special Notes
Diphtheria/tetanus/polio		-	Not needed if had within the last 10yrs
Hepatitis A		-	2 doses gives protection for 25yrs (have to be age 1+)
Typhoid		-	1 dose lasts for 3yrs (have to be age 2+)
Meningitis ACWY		£90	See notes below in bold*
Hepatitis B		£59 per dose for adults, £46 for children	See notes below in bold*
The vaccines below are not available from Brookside Group Practice Please contact: Masta Travel Clinic 0300 100 4200 or www.nasta-travel-health.com or Superdrug 0333 3111 1007 or book online			
Rabies		yes	Not available at the surgery, see above
Japanese B encephalitis		yes	Not available at the surgery, see above
Tick borne encephalitis		yes	Not available at the surgery, see above
Cholera		yes	Not available at the surgery, see above
Yellow fever		yes	Not available at the surgery, see above

If any vaccinations are required, book an appointment at the surgery & bring this sheet with you. The information on the website will indicate how soon before travel you need to book.

***If you require any vaccines that need to be paid for, you must inform the practice when you book your appointment in order to ensure we are able to provide the vaccine for you.**

Any charge is payable at your appointment by credit card (excluding Amex) or debit card
